

FiberwerX is ankle deep into 2009 and we are experiencing a good influx of positive growth. We want to share our success and celebrate by inviting the off-road community to an Open House Party taking place on May 2nd. At the same time FiberwerX wants to do our part to stimulate good business throughout the off-road industry. Coordinating with many brands & companies, the FiberwerX Open House has quickly evolved into a small expo. A number of vendors will be on hand to participate and kick down sales & discounts on all sorts of merchandise & products. We have received a tremendous amount of feedback and response, and more companies are signing up daily.

FiberwerX has reached out to ORBA and we have organized a raffle to benefit this local organization that has done so much for the Off-road Industry over the years. The reaction and participation from industry companies across the board has been completely unbelievable, and we are expecting more prizes to be added to the ORBA Benefit Raffle as more companies become aware. So far we have allocated over \$6000 in goods and accessories.

In addition for the Open House, the FiberwerX Staff has arranged for a number of features and attractions that will keep the whole family and their friends entertained for hours. Live music including several popular headlining bands will keep the atmosphere up beat throughout the day. Free Street Tacos and other food vendors will be on hand. A fun jump will be setup to keep the little ones entertained. An off-road vehicle show featuring a variety of race cars, trucks, prerunners and rhinos will be on display. And as always, our favorite FiberwerX Girls will be doing their thing. The Dirt Alliance will be setting up a mini Dirt Tour that will give a good preview on how their events go down. Essentially, plenty of action and attractions for all is what we have scheduled.

We recently corresponded with DRIVE to host a live drawing party for the upcoming May 16th Night Race taking place out in Plaster City. Doug Wasser, DRIVE's President was elated to get involved. We all believe the open house event will help promote the new series and is just what is needed to get the racers aware of the program. 1450 ORG is already well aware of the DRIVE Series and has the Night Race scheduled for Round 3 of the 1450 ORG Series. We expect nearly 20 entries in the 1450 class alone. If you want to participate in any class in the DRIVE series which is well organized and has no bad habits, then make sure to get your entry form in to get your name in the Live Drawing taking place during the Open House.

If you think you might want to get involved, please let us know right away so that we can add you into the plan and schedule before all the spaces are reserved. Available opportunities are filling up fast, so act now.

#### Open House Raffle ORBA Benefit

These are some of the items contributed so far:

#### FiberwerX

- (1) Fiber Bucks GC (Value \$500)
- (5) Fiber Bucks GC (Value \$100ea)
